Taylors Bridge Fire Department, Inc.
Standard Operating Guidelines

Procedure: **SOG-820**
Date: **06/15/04**
Page: **2 of 2**
Revision: **A**

1.0 Purpose

- 1.1. To provide a set guideline for personnel of the Taylors Bridge Fire Department to consistently follow during these threats.

2.0 Guidelines

- 2.1. The primary function of fire department personnel shall be to extinguish fires and perform rescue and ambulance operations in the event of detonation.
- 2.2. The Sampson County 911 Center will tone out for the bomb threat or have the department contact communication. At any event, the Incident Commander will follow our operating procedures.
- 2.3. The incident commander shall meet with the Sampson County Sheriffs Department and building management to determine the severity of the incident.
- 2.4. Based upon the severity of the incident the incident commander may issue total silence over the radio. All communications will be done face to face.
- 2.5. **At no time** shall fire personnel enter a building in question unless instructed to do so by the incident commander.
- 2.6. Assisting in evacuations from buildings in question shall be left up to the incident commander's discretion. Special circumstances may require assistance.
- 2.7. Search of the building shall be left to the Sampson County Sheriffs Department, Emergency Management and their resources.
